Changes to PBIS (Behaviour Program)

This term the PBIS team have made some changes to our school PBIS system.

Our lunchtime detention has been re-structured and is now called ‘Planning Room’. During this time, students attending will complete a task and work on ways to make more positive behaviour choices.

We are also introducing a new incentive scheme called ‘Ticket to Buzz Day’. These tickets will enable students who have lost their invitation to Buzz Day to earn their way ‘back’ to Buzz Day.

They will be distributed to students who have attended planning room on two occasions in the term and have shown improvement in their behaviour during this time. They will then have set criteria to meet in order to work their way back to Buzz Day.

The new additions to our PBIS system aim to reflect a positive and effective approach to behaviour management, which will be beneficial to students across the school.
